Directeur de la publication : André Pouzet

Secrétariat de rédaction : Laurecine Lot

Dépôt légal : février 1995

Comité de rédaction/Drafting Committee/Schriftleitungsrat : J.M. BELL (Canada), D. BRAUER (Allem. Germ. D.), E. CHONE (France), A. POUZET (France), G. DE LA TAILLE (France), R.K. DOWNEY (Canada), S. EBERHARDT (Yu.), T. EORI (H.), A. FABRY (Cz.), J. KRZYMANSKY (Pl.), L. LOT (France), T. CEDELL (S), D. RIVAUD (France), E. SOBRINO (SP), W. TEUTEBERG (Allem. Germ. D.), D. KIMBER (G-B), P. VULLIOUD (CH).

Doc. Phil. Gösta ANDERSSON, Svalöv, Sweden.

Nearly 85 years old, Dr. Gösta Andersson deceased on May 5, 1994. His name shall probably be associated for ever with breeding and cultivation of oilseed crops in Sweden as well as abroad. He was also the president of GCIRC from 1976 to 1980, period connected with the International Rapeseed Conference he organized in Malmö, Sweden, in 1978.

Gösta Andersson was born in the farming environment of the South of Sweden. At the University of Lund, he studied botany and obtained his degree of doctor of philosophy in 1944. Quite recently, G. Andersson was called to be honoured as «jubilee» doctor.

From 1935 to 1975, Gösta Andersson worked at Sveriges Utsädesförening, Svalöv. There, he was the leader of the important and successful breeding work carried out on oilseed crops. He also played an important part, acting as secretary of and head clerk to the breeding company.

As expert in the oilseed sphere, Gösta Andersson's knowledge, capacity for work and very good organizing abilities were also used in different ways by official, governmental as well as private organisations outside the breeding company. Between 1961 and 1980, he was for example Secretary of the Association of the Swedish Oil Seed Growers, SOC, nowadays SFO. As well as in GCIRC, Gösta Andersson was a member of honour of the Growers' Association in Sweden.

Gösta Andersson's memory was honoured at the General Assembly of GCIRC and meeting of the Board in Cambridge, UK, on last May 16. At the funeral in Svalöv, on May 20., GCIRC was also represented by a special flower bouquet of gratitude and honour.

Torsten CEDELL,
Secretary, SFO.
