

# SAVE THE DATE

Join the 17<sup>th</sup> international congress  
on rapeseed and canola research and development!

18/21 April 2027 - Paris

Dear Colleagues,

We are pleased to announce that the 17<sup>th</sup> International Rapeseed Congress (IRC) will take place at the Palais des Congrès de Paris (France), on April 18<sup>th</sup> to 21<sup>st</sup> 2027.

The IRC, held every four years, create enduring relationships in the extensive worldwide network of rapeseed experts. It is a forum for ideas, innovation and networking, highly respected among participants from academic and private research, industry, and government, as well as sponsors and exhibitors.

This edition will be hosted by the French Oil and protein seeds sector institutions - the technical institute **Terres Inovia**, the interbranch association **Terres Univia**, and the Federation of Producers **FOP** - under the auspices of the **GCIRC** (Global Council for Innovation in Rapeseed and Canola).
