

A GCIRC MEDAL IN HONOUR OF DR BALDUR STEFANSSON

GCIRC decided to establish a medal of honour which will be awarded during International Rapeseed Congresses to scientists as acknowledgement of their outstanding contribution to rapeseed improvement.

As a first person to be honoured with this medal, on the occasion of 7th International Rapeseed Congress was unanimously chosen by GCIRC members Dr Baldur Rosemund Stefansson to appreciate the importance of his research works and breeding of numerous rapeseed varieties.

Dr Baldur R.Stefansson
