

## The President's closing speech

The Congress has now come to an end and I want to express my warm thanks to all participants.

My thanks are due primarily to my colleagues, members of the Organising- and Scientific Committees for their support and discussions that we had during the pre - congress activities.

Particular thanks are due to Professor Dr. Antoni Rutkowski, Chairman of the Scientific Committee, responsible for the arrangement of all lectures, and to my associate Dr. Andrzej Horodyski, Vice-Chairman of the Organising Committee, who shared the responsibility for all arrangements with me.

Also, I should like to express my thanks to our secretaries, Dr. Iwona Bartkowiak-Broda and Dr. Barbara Muśnicka, for their invaluable help and dedication to make the Congress a success, countless hours to have things done.

I also want to thank the staff of the "ORBIS" agency and our interpreters for a good job.

I want to express my gratitude to all chairmen of sections and to all those who have contributed with lectures and posters or by taking part in discussions.

Also, it is my very pleasant duty to extend sincere thanks to Dr. Milton Bell, Dr. Keith Downey, Dr. Robert Heaney, Professor Dr. Augustyn Jakubowski, Ingenieur Andre Pouzet and Dr. Paul Williams, who have presented excellent recapitulations of lectures and discussions held during the Congress.

It seems that the Congress reports and discussions have covered almost all problems related to rapeseed thus contributing to the progress of rape research and to further strengthening of the reputation of the rapeseed products as a good raw material for the oil industry and for feeding purposes.

I strongly hope that many of us present at this conference will meet again in Canada in 1991 to exchange our scientific findings and add up to new rapeseed promotions the world over.

With these words I declare the 7th International Rapeseed Congress closed.

1922

Next Congress

G.C.I.R.C. obtained formal invitation from Canada to hold the 8th International Rapeseed Congress in Saskatoon in 1991. The Board and the General Assembly of the G.C.I.R.C. accepted this invitation with pleasure.

Dear Professor Krzymanski:

It is my pleasure on behalf of the Department of External Affairs of the Government of Canada and the canola industry of Canada to invite your organization - the GCIRC - to hold the 8th International Rapeseed Congress in Canada.

The organizing committee made up of Dr. J.M. Bell, Dr. D.R. Clandinin, Dr. R.K. Downey, Dr. A.E. Earl, Mrs. E.C. McGregor, Mr. R. Carr and S.J. Sigal invite you to the city of Saskatoon, Saskatchewan on the week beginning July 8, 1991.

Your acceptance of this invitation will reflect the importance of canola in Canada and the contribution that Canada has made to the industry world-wide.

Yours sincerely,

A handwritten signature in cursive script that reads "Pat Carney".
