

# #125

## OILSEED RAPE PRODUCTION AND THE USE OF NEONICOTINOIDS IN POLAND

ADDRESS

*Krzysztof Gawęcki*

KZPRiRB; The Polish Association of Rapeseed and Protein Crops Producers, Warszawa, Poland

The presentation was dedicated to oilseed rape production and the use of neonicotinoids in Poland. Data for this presentation was taken from the database of Local Data Bank of Statistics Poland, Polish Coalition for Biofuels and Protein Feed and The Polish Association of Rapeseed and Protein Crops Producers estimation. The assessments of the use of neonicotinoids was preceded by the characterisation of polish rapeseed market.
